LIBRARY SERVICES

WINDOWS - CONNECT TO TAFENSW WI-FI

- You must have your TAFE Portal username and password.
- If you cannot connect, see the Wi-Fi Troubleshooting guide.
- Some social media chat apps are blocked from TAFE NSW Wi-Fi network.

Windows 7 Devices

1. Click on the Wireless icon in the bottom right hand corner of the screen
2. Select TAFENSW from the list of available wireless networks
3. Click the Connect button
4. Network Authentication box: Enter your TAFE Portal username and password and click OK
5. A Windows Security Alert prompt appears: Click Connect

You should now be connected to the TAFENSW wireless network.

Windows 10 Devices

1. Click on the Network connection icon in the bottom right hand corner of screen
2. Select TAFENSW from the list of available wireless networks
3. Click the Connect button
4. Enter your TAFE Portal username and password and click OK
5. A Windows Security Alert prompt appears: Click Connect

You should now be connected to the TAFENSW wireless network.
